Terrain
Gray
Student Software Developer/Engineer

Profile

Aspiring Software Engineer and Mechanical Engineering graduate actively pursuing Python proficiency in a specialized BootCamp.
Proficient in problem-solving, critical thinking, and design thinking, poised to transition into software development roles. Effective communicator with a proactive approach to learning and growth thus committed to contributing value to forward-thinking teams.
Driven, resilient, and excited to embark on a fulfilling journey to forge a successful career in the tech industry.

Work Experience

Software Engineer
HyperionDev I Online
March 2024- Present

Currently enrolled in a 16-week Bootcamp sponsored by the Department of Education. Learning Python coding, Object-Oriented Programming, Handling Strings, Lists and Dictionaries, File IO Operations, Django, SQL, and more. These pertinent skills are endowing me to kickstart a career in Software Engineering and other related fields.
